Dear

Congratulations on your engagement !

Welcome to the Driftwood Spars, a place offering you a warm and friendly welcome, whatever the time of year.

If you're imagining a day to remember then this is the place to hold your special day.

We are licensed to hold the wedding ceremony in our dining room with sea views or in the fishing loft, ideal for winter weddings with the wood burning stove. Our library is also available for the wedding ceremony

Depending on whether you're looking for classic and formal, or relaxed and contemporary your wedding can be that with spectacular views of the rugged Cornish coastline, friendly service, and a menu created using quality products and fresh local produce.

We can guide and assist you with all aspects from the first planning all the way through your special day.

We have a large garden on the cliff above the pub with sea views ideal for photos, and a large car park, free for guests to use.

Enclosed in our pack we have two sit-down sample menus plus a cold sit down buffet menu, of dishes that we offer along with our evening buffet options. If there is something you would like to change, then speak to us and we will amend dishes to create a menu specific to your day.

Depending on the options you choose, we put every effort into your wedding breakfast, as eating and drinking is such a big part of the celebration.
